Basic Information

Welcome to the Student Organization Activity Reflection Form.

The Reflection Form serves to encourage student organizations to reflect honestly on their activities throughout the academic year. A thorough Reflection can provide invaluable direction and insight to future leadership of your organization and your advisors.
Reflections will be reviewed by ARC annually. The quality of information provided in the Reflections is vitally important during ARC's review. In addition to reviewing for Quality, ARC uses the Reflections to see how involved your organization was on campus, whether the organization has learned from past experiences and implemented appropriate changes and how well attended events are in relation to projected attendance. The results of ARC's review will be shared with SAAC during budgeting. It is imperative that a Reflection be completed honestly for each activity that your organization participates in throughout the year. Failure to complete a Reflection could negatively impact your organization's status with ARC & SAAC for the following year.

Any service provider feedback (i.e. Public Safety, Facilities, etc.) should be submitted via the new service provider feedback form below, submitted forms will be reviewed by WCSA and then sent to the applicable vendors.
